

Leipzig, Germany, 31 March 2020

Dear friends,

I hope this email finds you well!

Upcoming April 6 is World Table Tennis Day. In light of so many cancelled or postponed events, we need to send out good mood to the world and decided to convert our celebration into the **World Table Tennis "At Home" Day. And here we count on your help!**

ITTF's strategic plan previews that this year World Table Tennis Day celebrations have reached at least 75% of our National Association member countries. Under the well-known circumstances, we encourage you to stay home, share our initiative through your social networks and **take part in the longest and craziest table tennis rally the world has ever seen.**

1. Watch our teaser: <https://youtu.be/l9STAlbaa1Y>
2. Film your most creative return of the ball from the end of the table in horizontal mode
3. Tell us your COUNTRY, CITY & NAME in the file name (e.g. GERMANY_Leipzig_ITTF Foundation), so that we can give a proper shoutout in the final video
4. Send it to <http://likn.de/TJb> to be part of the rally

Let's EVERYONE, EVERYWHERE to know that even in this difficult time facing a severe pandemic NO ONE IS ALONE!

For further information, please find below the link to our article explaining our new concept as well as the links to our social media posts. Please share them with your own network and help us to spread solidarity instead of a virus:

We are ALL in this together! Therefore, we **expect that at least one video will be sent by each National Table Tennis Association.**

Many thanks in advance and do not hesitate to contact me if you have any questions or else!

Stay safe. Stay active. And stay healthy!
